- **Food from the Field** brings hunters, the Wyoming Game & Fish department, the Wyoming Department of Agriculture, processors, and local food pantries together to safely and efficiently streamline donations of game to distribute to local families in need.
- Wyoming's majestic landscapes offer hunters some of the best opportunities in the world; **Food from the Field** enables them to share that bounty by donating all or part of their meat to participating local processors who in turn will prepare it for local anti-hunger organizations to distribute it to our neighbors in need.
- All deer, elk, and moose will undergo appropriate CWD testing to ensure safety prior to entering the food pantry system.
- Hunters are invited to make a financial contribution to cover the cost of processing if they're able; Wyoming Hunger Initiative will cover the remaining cost thanks to the sale of Game & Fish Commissioner Tags.
- All game donated through **Food from the Field** must be processed by a participating processor. The participating processors are listed on the website.
- How can you help? Hunt. Donate. Nourish.

In addition to **Food from the Field** and the other core programs, there are more Wyoming Hunger Initiative **programs**, **campaigns**, and **events** that benefit those in need in Wyoming. None of this could be accomplished without the efforts of statewide **anti-hunger organizations** and the generosity of our **sponsors**, **volunteers**, and **donors**.

Together, we can end hunger in Wyoming. nohungerwyo.org
