

## FAIR TO FORK PARTICIPANT RECOGNITION

First Lady Jennie Gordon's **Wyoming Hunger Initiative** – in partnership with Wyoming 4-H and FFA – launched a program in 2022 under the **Food from the Farm + Ranch** banner called **Fair to Fork**. The program purchases one hog from every participating county in Wyoming through a lottery selection to support youth development and bring fresh protein back into every county across the state.

Fresh food and sources of high-quality protein are notoriously expensive and difficult to procure for the food pantry system. Each hog will be purchased and distributed locally in collaboration with the 4-H or FFA member.

Student Name was selected as the County Name participant and has the opportunity to be recognized at the Wyoming State Fair by Governor Mark and First Lady Jennie Gordon.

The ultimate goal of Wyoming Hunger Initiative is to support local anti-hunger organizations by providing assistance and the necessary resources to support their mission. First Lady Jennie Gordon is beyond excited to bring youth into the equation as they have a heart for agriculture and for giving back to their communities.
