LEARN MORE

Scan to learn more about Beef for Backpacks.

- **Beef for Backpacks** was launched under the *Food from the Farm + Ranch* banner to utilize Wyoming resources to support the work of weekend food bag programs that make a real impact for children statewide.
- Every cell in the body is made of protein, which makes this major nutrient essential for healthy growth and development.
- Weekend food bag programs provide meals for students on the weekend who may not otherwise have access to food. Protein is notoriously expensive and often difficult for these anti-hunger organizations to procure.
- **Beef for Backpacks** provides locally raised protein in a portable form for each participating child every weekend for the entire school year.

About the Partners

- 307 Meat Company in Laramie has and continues to do all of the processing of the beef donated to this program.
- Wyoming Stock Growers Association seeks out beef donations to the program through their network.
- Wyoming Beef Council and Multivac provide all of the labeling for these snack sticks.

How can you help? Donate a beef. Or make a contribution to help with the processing costs of the beef sticks.

In addition to **Beef for Backpacks** and the other core programs, there are more Wyoming Hunger Initiative **programs, campaigns, and events** that benefit those in need in Wyoming. None of this could be accomplished without the efforts of statewide **anti-hunger organizations** and the generosity of our **sponsors, volunteers, and donors**.

Together, we can end hunger in Wyoming. nohungerwyo.org
